### Medi-Cal Beneficiary Reimbursements

Providers are reminded that *Welfare and Institutions Code* (W&I Code) Section 14019.3 requires Medi-Cal providers to reimburse Medi-Cal beneficiaries who paid for a medically necessary covered service rendered by the provider during any of the following three time periods:

- 1) The 90-day period prior to the month of application for Medi-Cal;
- 2) The period after an application is submitted but prior to the issuance of the beneficiary's Medi-Cal card; and
- 3) After issuance of the beneficiary's Medi-Cal card for excess co-payments (i.e., co-payments that should not have been charged to the beneficiary).

By law, a Medi-Cal provider must reimburse a beneficiary for a claim if the beneficiary provides proof of eligibility for the time period during which the medically necessary covered service was rendered and for which the beneficiary paid. Evidence of the reimbursement paid by the provider to the beneficiary should be submitted to the Medi-Cal program as a claim with the appropriate delay reason code to indicate that Medi-Cal eligibility was recently disclosed. The Department of Health Services (Department) will allow the provider a timeliness override in order to bill Medi-Cal for the repaid services. If the provider does not reimburse the beneficiary, the beneficiary may contact the Department, inform the Department of the provider's refusal to reimburse, and then submit a request for reimbursement directly to the Department. In this case, the Department will contact the provider and request that the provider reimburse the beneficiary. Should the provider refuse to cooperate, the Department will reimburse the beneficiary for valid claims and recoup the payment from the provider. Additional sanctions may be imposed on the provider such as those set forth in W&I Code Section 14019.3. This statute is provided below for your information:

#### Welfare and Institutions Code 14019.3

14019.3. (a) A beneficiary or any person on behalf of a beneficiary who has paid for medically necessary health care services, otherwise covered by the Medi-Cal program, received by the beneficiary shall be entitled to a return from a provider or directly from the department of any part of the payment that meets all of the following:

- 1) Was rendered during the 90-day period prior to application for his or her Medi-Cal card, or after application for but prior to the issuance of his or her Medi-Cal card, for which the card authorizes payment under Section 14018 or 14019, or was charged to the beneficiary as excess co-payment during the period after issuance of his or her Medi-Cal card.
- 2) Is not payable by a third party under contractual or other legal entitlement.
- 3) Was not used to satisfy his or her paid or obligated liability for health care services or to establish eligibility.

## Stop Illegal Tobacco Sales

The simplest way to stop illegal tobacco sales to minors is for merchants to check ID and verify the age of the tobacco purchasers. Report illegal tobacco sales to 1-800-5-ASK-4-ID.

For more information, see the Department of Health Services Web site at <http://www.dhs.ca.gov>.

**Beneficiary Reimbursements** (*continued*)

- b) To the extent permitted by federal law, whether or not a facility actually evicts a beneficiary, a beneficiary who may validly be evicted pursuant to Section 1439.7 of the *Health and Safety Code*, and who has received and paid for health care services otherwise covered by the Medi-Cal program shall not be entitled to the return from a provider of any part of the payment for which service was rendered during any period prior to the date upon which knowledge is acquired by a provider of the application of a beneficiary for Medi-Cal or the date of application for Medi-Cal, whichever is later.
- c) Upon presentation of the Medi-Cal card or other proof of eligibility, a provider shall submit a Medi-Cal claim for reimbursement, subject to the rules and regulations of the Medi-Cal program.
- d) Notwithstanding subdivision (c), payment received from the state in accordance with Medi-Cal fee structures shall constitute payment in full, except that a provider, after making a full refund to the department of any Medi-Cal payments received for services, may recover all provider fees to the extent that any other contractual entitlement, including, but not limited to, a private group or indemnification insurance program, is obligated to pay the charges for the care provided a beneficiary.
- e) A provider shall return any and all payments made by a beneficiary, or any person on behalf of a beneficiary, other than a third party obligated to pay charges by reason of a beneficiary's other contractual or legal entitlement for Medi-Cal program covered services upon receipt of Medi-Cal payment.
- f) To the extent permitted by federal law, the department shall waive overpayments made to a pharmacy provider that would otherwise be reimbursable to the department for prescription drugs returned to a pharmacy provider from a nursing facility upon discontinuation of the drug therapy or death of a beneficiary.
- g) The department shall ensure payment to a beneficiary from a provider. A provider shall be notified in writing by the department when a beneficiary has submitted a claim to the department for reimbursement of services provided during the periods specified in paragraph (1) of subdivision (a). If a provider is not currently enrolled in the Medi-Cal program, the department shall assist in that enrollment. Enrollment in the Medi-Cal program may be made retroactive to the date the service was rendered.
- h) If a provider fails or refuses to reimburse a beneficiary for services provided during the periods specified in paragraph (1) of subdivision (a), within 90 days of receipt by the department of a written request by a beneficiary or a representative of a beneficiary, the department may take enforcement action that may include, but shall not be limited to, any or all of the following:
  - 1) Withholding of future provider payments.
  - 2) Suspension of a provider from participation in the Medi-Cal program.
  - 3) Recoupment of funds from a provider.
- i) If a provider fails or refuses to reimburse a beneficiary within 90 days after receipt by the department of a written request from a beneficiary or a representative of a beneficiary, the department shall directly reimburse a beneficiary for medically necessary health care expenses incurred during the periods specified in paragraph (1) of subdivision (a). The department shall reimburse a beneficiary only to the extent that federal financial participation is available and only when the claim meets all of the following criteria:
  - 1) The service was a covered benefit under the Medi-Cal program.
  - 2) The provider was an enrolled Medi-Cal provider at the time the service was rendered.
  - 3) The service was ordered by a health care provider, within the scope of his or her practice.

**Beneficiary Reimbursements** (*continued*)

- 4) The beneficiary is eligible for reimbursement, as specified in subdivision (a).
- 5) The reimbursement shall be the amount paid by the beneficiary, not to exceed the rate established for that service under the Medi-Cal program.
- j) Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of the *Government Code*, this section may be implemented with a provider bulletin or similar notification, without any further regulatory action.

**837 Version 4010A1 Electronic Claims with Attachments Coming Soon**

By the end of the year, providers can submit either fax or electronic attachments with their ASC X12N 837 version 4010A1 electronic claim submissions. To use this new process, providers must be authorized to bill 837 v.4010A1 electronic claims. The fax process requires a *Medi-Cal Claim Attachment Control Form* (ACF) that is used as a coversheet for the supporting fax attachments. The ACF has a pre-printed Attachment Control Number (ACN) that submitters input on their electronic claim submission. Providers submit the electronic claim, then fax the ACF with the attachments to Medi-Cal. The electronic process is done through an approved third-party vendor that pre-processes the attachments and sends the images on the provider's behalf. Medi-Cal then links the faxed or electronic attachments to the appropriate electronic claim. Providers have 30 calendar days to submit the faxed or electronic attachments to support the electronic claim.

Additional information, including the fax number, contact information for approved third-party vendors and instructions for using the new process, will be detailed in future *Medi-Cal Updates*.

**New TSC Specialized Operator Reference Guide**

To assist providers navigating the Telephone Service Center (TSC) menu prompts, a condensed, two-page specialized operator reference guide is included with this bulletin. It is also available on the Medi-Cal Web site ([www.medi-cal.ca.gov](http://www.medi-cal.ca.gov)) on the "Contact Us" page. This guide will help providers quickly reach the appropriate specialized TSC operator.

*The updated information is reflected on manual replacement pages prov rel frm2 ref 1 and 2 (Part 1).*

**AIDS Drug Tipranavir Noncapitated for Most Managed Care Plans**

Retroactive to dates of service on or after June 22, 2005, the AIDS drug tipranavir (Aptivus) is noncapitated for most managed care plans.

**Exceptions**

Tipranavir is capitated for the following plans and is not reimbursable by Medi-Cal:

- Program of All-Inclusive Care for the Elderly (PACE)
- Senior Care Action Network (SCAN)
- County Organized Health System plans:
  - Santa Barbara Health Initiative (HCP 502)
  - Health Plan of San Mateo (HCP 503)
  - CalOPTIMA (HCP 506)

If the drug was already dispensed, it may now be billed. Claims billed beyond the six-month billing limit must be billed hard copy. A special instruction has been installed in the claims processing system to recognize these claims as timely.

*This information is reflected on manual replacement pages mcp coh5 6 (Part 1), mcp gmc 7 (Part 1), mcp pre 6 (Part 1), mcp prim 4 (Part 1) and mcp two plan 6 (Part 1).*

### HIPAA National Provider Identifier Update

Reminder: All eligible health care providers are required by law to apply for a National Provider Identifier (NPI). To assist providers, the Centers for Medicare & Medicaid Services (CMS) have made an instructional tool available called the NPI Viewlet. This tool provides an overview of the NPI, a review of the NPI application and a link to the National Plan and Provider Enumeration System (NPES) from which the provider obtains an NPI. The NPI Viewlet is available at [www.cms.hhs.gov/medlearn/npi/npiviewlet.asp](http://www.cms.hhs.gov/medlearn/npi/npiviewlet.asp).

Providers who wish to obtain an NPI directly from the NPES either by mail or Web application should access the CMS NPES Web site for both the mailing address and electronic application at <https://npes.cms.hhs.gov>.

Mandatory use of the NPI is set for May 23, 2007. Prior to that deadline, Medi-Cal encourages providers who have obtained an NPI to start submitting it along with their Medi-Cal provider number on the ASC X12N 837 v.4010A1 claim transactions. Instructions for submitting the Medi-Cal Provider ID and the NPI were published in the July 2005 *Medi-Cal Update*.

CMS will release information about subpart enumeration for organizational health care providers including hospitals, group practices and pharmacy chains. A link to the announcement will be included in an upcoming *Medi-Cal Update*.

More health care providers are being asked to maintain uniformity and consistency. Uniformity guidelines encourage similar provider organizations (hospitals, Federally Qualified Health Centers, pharmacies, medical groups, independent labs, etc.) to develop similar subparts for their organizations. Consistency guidelines encourage providers to bill similar services to all health plans with the same NPI. Medicare should not be billed with one subpart and Medi-Cal with another subpart for the same type of service.

CMS will soon launch a dedicated Medlearn Web page with NPI information for Medicare fee-for-service providers. The link to the page will be posted in an upcoming bulletin. Meanwhile, the second in a series of special edition articles is now available on the Medlearn Web page: *Medicare's Implementation of the National Provider Identifier (NPI): The Second in a Series of Special Edition Medlearn Matters Articles on NPI-Related Activities*. This article may be viewed at [www.cms.hhs.gov/medlearn/matters/mmarticles/2005/SE0555.pdf](http://www.cms.hhs.gov/medlearn/matters/mmarticles/2005/SE0555.pdf).

### RAD Code and Correlation Table Additions

The following Remittance Advice Details (RAD) message(s) have been added to the claims processing system to help reconcile provider accounts.
